

Addendum to Registered Agent and Mail Receiving Agreement

This Addendum is entered into by and between Marcio Garcia Andrade, hereinafter referred to as the “Incorporator,” and Sharon Inez Britton, hereinafter referred to as the “Registered Agent,” and supplements the Registered Agent and Mail Receiving Agreement previously executed between the parties. This Addendum is intended solely to ensure ongoing compliance and to reduce administrative burden on both parties in the fulfillment of the services described in the original agreement. In furtherance of this purpose, and for good and valuable consideration, the Registered Agent confirms and agrees that the Incorporator, or any authorized designee of the Incorporator, is expressly authorized to submit, file, sign, or otherwise execute any documents with the Colorado Secretary of State or any other jurisdiction’s corporate filing authority, whether electronically or otherwise, including those submitted under penalty of perjury, in the Registered Agent’s name, as reasonably necessary to fulfill or maintain the Registered Agent’s appointment for any entity to which the parties’ agreement applies. This includes, but is not limited to, filings to appoint or remove the Registered Agent, update addresses, or submit required maintenance documents. The Registered Agent acknowledges and agrees that such actions are consistent with the services agreed upon and do not require prior case-by-case approval or signature, and the Registered Agent expressly consents to and authorizes such actions on a continuing basis. The Registered Agent also retroactively ratifies and adopts any prior filings submitted by the Incorporator or their designee that fall within the scope of this Addendum or the original Agreement. Nothing herein modifies the expiration or limitations of the Registered Agent’s service as stated in the original Agreement. The parties further affirm that the dispute resolution clause already contained in the Agreement, including binding arbitration, shall govern any disputes arising from this Addendum. By signing below, both parties affirm their intent to be legally bound and acknowledge that they have had the opportunity to consult with independent legal counsel.
